

Assembly instructions

Sewerage Hand-Excavator

List of components:

- 1 - Attachment (basic attachment)
- 2 - Extension tube (inside)
- 3 - Extension tube (outside)
- 4 - Butt end (inside)
- 5 - Butt end (outside)

Instructions:

Connect the inner tube of the attachment (1) with the extension tube (2). Then push the extension tube (3) over the inner tube and screw in. Now push the outer end tube (5) over the inner end tube (4) and screw into the inner tube (2) - and outer tube (3). Now pull at the inner tube and hold the outer tube to open or close the universal sewer cleaner or the tongs.
