

3D Premium carbide chain with a pre-built leader

<https://ehle-hd.com/en/product/3d-premium-carbide-chain-with-a-pre-built-leader/>

Picote 3D cleaning chain with carbide chains expand depending on the speed until they reach their maximum diameter. Ideal for navigating diameter jumps. Time-consuming tool changes when changing the nominal pipe diameter are no longer necessary, nor is it necessary to adjust the chain size during cleaning. By controlling the speed, the 3D chain expands further, allowing you to perform various tasks with just one tool.

Features

- use for high-speed drain cleaning, removing blockages, descaling and grease
- 3D chain knocker with larger, heavier and extra-hard carbide or hard metal attachments (7-edges)
- come with a pre-built leader making them easier to use and decreasing shaft wear.
- self-adjusting depending on RPM. Great for diameter changes where access is limited.
- no need to readjust during descaling; the 3D chain will keep expanding as it r
- for cleaning stoneware, concrete and cast iron pipes

Attributes

Image	SKU	Productname	Attributes	LxWxH & Weight
	P1382005070	3D Premium carbide chain 50-70/8	shaft typ: 8 mm work range: from 50 - 70 mm	400 × 30 × 30 mm 0.90
	P1382070100	3D Premium carbide chain 70-100/8	shaft typ: 8 mm work range: from 70 - 100 mm	400 × 50 × 50 mm 1.00
	P1384005070	3D Premium carbide chain 50-70/10	shaft typ: 10 mm work range: from 50 - 70 mm	400 × 30 × 30 mm 0.90
	P1384070100	3D Premium carbide chain 70-100/10	shaft typ: 10 mm work range: from 70 - 100 mm	400 × 50 × 50 mm 1.00
	P1384100150	3D Premium carbide chain 100-150/10	shaft typ: 10 mm work range: from 100 - 150 mm	400 × 50 × 50 mm 1.30
