

Drill Cutter

<https://ehle-hd.com/en/product/drill-cutter/>

The **Drill Cutters** are the further development of the proven milling cutter. The spiral cutting edges enable improved material removal (similar to the drill principle).

Thanks to their integrated coupling, the size has been reduced, making the drill cutters particularly suitable for curved applications. They are suitable for drilling, peeling and milling stubborn pipe deposits (e.g. urine stone, lime deposits).

Features

- short design with integrated coupling
- spiral cutting edges for optimized material transport

Attributes

Image	SKU	Productname	Attributes	LxWxH & Weight
	14216185	drill milling cutter 25/16	cable typ: 16 mm work range: 30 - 50 mm	30 × 25 × 25 mm 0.04
	14216186	drill milling cutter 35/16	cable typ: 16 mm work range: 50 - 75 mm	40 × 35 × 35 mm 0.12
	14222308	drill milling cutter 60/22	cable typ: 22 mm work range: 75 - 125 mm	65 × 60 × 60 mm 0.35
	14222309	drill milling cutter 80/22	cable typ: 22 mm work range: 100 - 150 mm	80 × 80 × 80 mm 0.85
