

DUO tube nozzles

<https://ehle-hd.com/en/product/duo-tube-nozzles/>

The **DUO tube nozzles** have succeeded our standard tube nozzles. The new design with 2 nozzle jet circuits improves cleaning performance.

Features

- cleaning of tubes and lines of ND 70 and above
- improved traction and cleaning performance due to two different jet circuits
- suitable in particular for building tie-ins, long tubes, and long pressurized distances - all DUO nozzles are available with front jet and a blind plug
- for removal of medium contaminations and uncomplicated clogging (use with front jet)
