

Fog machine - Fog-Smoker 2F

<https://ehle-hd.com/en/product/fog-machine-fog-smoker-2f-2/>

The **Fog smoker 2F** is a compact but powerful fog machine with integrated fan. This unit is especially suited for professional inspections of tubes, sewers and tanks to locate leaks and faulty connections.

As well it is also helpful to detect caves and hollow areas in dams and dikes.

Features

- very compact design
- strong output - the integrated blower enables simple fogging of a piping system without sealing
- simple operation via membrane keyboard - also possible with gloves
- container holder for a standard 5 litre canister fluid - no tiresome decanting
- easy canister change due to Quick-Out quick-connect coupling
- brushed stainless steel housing, powder-coated stainless steel lid
- production and service in Germany

performance data

- 10 steps adjustable fan
- 10 levels adjustable mist quantity
- output: 2,400 Watt (230 V) / 2,200 Watt (120 V)
- supply voltage: 230 Volt / 120 Volt
- air flow rate: approx. 50 l/s
- fog fluid consumption: approx. 35 ml/min
- protection class: IP44
- dimension: (LxWxH) 560 x 295 x 350 mm

Scope of delivery

- 1x Fog machine type FOG-Smoker
- 1x telescopic rod up to 6 m length
- 1x 7,5 m flexible spiral reinforced PVC hose DN50 with Storz-C coupling
- 5 litres original fog liquid

Optional accessories

- robust carrying case
- Extension hose with 2x Storz-C couplings in 7.5 m and 15 m lengths
- Cable remote control for Fog- and Mega-Smoker
