

hose guides - flexible

<https://ehle-hd.com/en/product/hose-guides-flexible/>

Like our hose guides, the **flexible hose guides** serve to protect and guide your high-pressure hose. The advantage of the 4-part flexible guides is that they adapt to every situation in the shaft. This results in an even better guidance of the hose.

Note: All flexible hose guides are supplied with 10 m working rope.

Features

- Stainless steel design with 4 joints
- with smooth-running plastic rollers with stainless steel axle
- Rollers and axle can be changed easily
- 10 m working rope included
