

## Cube hp jetting machine - petrol/diesel

<https://ehle-hd.com/en/product/hp-jetting-machine-cube/>

Small format, big performance. The **Cube high-pressure sewer cleaner** for vehicle installations is a new generation of sewer cleaners. Equipped with a separate motor, advanced technology and numerous extras. With it, you work even faster, even more comfortably. The Cube hp cleaning device has a working pressure of up to 200 bar and a water output of up to 70 l/min. Ideal for cleaning and removing blockages from sewer and house connection pipes up to 400 millimetres.

**Small installation dimensions:** length=1155 mm, width=1155 mm (960 mm between the wheel housings), height=1155 mm.

### Features

#### available pump capacity:

- 50 litres / 150 bar (23 hp B&S petrol engine)
- 60 litres / 140 bar (23 PS B&S petrol engine)
- 60 litres / 150 bar (25 HP Kubota diesel engine)
- 45 litres / 200 bar (25 HP Kubota diesel engine)
- 60 litres / 200 bar (33 HP Kubota petrol engine)
- 70 litres / 150 bar (33 HP Kubota petrol engine)

#### Range of application

- up to pipe diameter 400 mm

#### HP jetting unit

- SPECK 3 cylinder plunger pump with ceramic plungers
- direct drive through efficient and compact gearbox
- low-water protection with release switch (float switch in water tank)
- intake injector for antifreeze
- various accessories, such as an infinitely adjustable pressure regulator, a pressure gauge and a water filter with automatic water stop and washable filter element

## Reels

- 80m 1/2" (DN 13) flexible HP hose with steel core (max. working pressure 250 bar)
- electrically driven high-pressure reel incl. speed control and free wheel
- foldable hose guide with bearings
- filling hose reel with hand crank and 50 m 3/4" filling hose
- optional second high-pressure reel - replaces the filling hose reel

## Watertank

- capacity up to 400 litres (PE; RAL 7016 anthracite grey)
- optional 650 litre tank available
- screw cap with large opening; ideal for cleaning
- overflow protection by means of overflow pipe
- water level indicator hose on the side

## Engines

- 17.2 kW / 23 hp B&S EFI Vanguard petrol engine with air cooling or
- 18.5 kW / 25 HP Kubota Dg02 diesel engine with water cooling or
- 24.2 kW / 33 HP Kubota WG972 industrial petrol engine with water cooling
- 20 litre transparent fuel tank, integrated in the water tank
- EU Stage V technology reduces emissions
- electric starting system, temperature monitoring and oil pressure monitoring

## Standard accessories

- iROM machine control: all functions and every possible working status of the machine is shown on the display (hour meter and rev counter, etc.)
- radio remote control (electrically controlled) including feedback of machine status
- electrically driven HD reel and fold-out hose guide
- unwinding and rewinding of high pressure hose reel by remote control
- digital operating hours / speed combination meter | suction injector
- 12V accessory connection
- 2x pipe cleaning nozzles
- nozzle holder

## further options

- 2nd HD reel instead of filling hose reel
- 650 litre water tank instead of 400 litre tank
- fixed Storz-C filling connection
- Impulse system for lower water consumption
