

spiral cable adapter for drill driver

<https://ehle-hd.com/en/product/karo-cable-adaptor-kopieren/>

Our cordless **drill driver spiral cable adapter** has been specially developed for 16 mm spirals with T-couplings so that they can be used on cordless screwdrivers with drill chucks. This allows the spiral to be driven directly via a cordless screwdriver. Ideal for quick pipe cleaning jobs with short spiral lengths, whether in kitchen pipes or for emergency service jobs.

Features

- with 8 mm hexagonal shank for drill chuck
- for use with cordless drill drivers
- Adapter for 16 mm T-couplings
