

Karo cable adaptor

<https://ehle-hd.com/en/product/karo-cable-adaptor/>

The **Karo cable adaptors** with negative square coupling make it possible to use the tools for 16 and 22 mm spirals (T-Coupling) with the Karo cable (square) AS-10, AS15 and AS20.

This is particularly practical when working in parallel with drum and suitcase machines - so there is no need to buy tools with different couplings twice!

Three variants available:

- Solid adapter piece - allows short superstructures, but at the expense of flexibility
- Adapter spiral - for use with bows with particularly good power transmission

Features

- for Karo cables with AS10, AS15 and AS20 coupling
- the solid Adapter and adapter spiral for demanding work with increased force expenditure

Attributes

Image	SKU	Productname	Attributes	LxWxH & Weight
	14216000	Adaptor - AS15 to T-Coupling Ø 16 mm	cable typ: 16 mm Karo-AS15 connection: Karo-AS15 / t-coupling	38 × 16 × 16 mm 0.05
	14222100	Adaptor - AS20 to T-Coupling Ø 22 mm	cable typ: 22 mm Karo-AS20 connection: Karo-AS20 / t-coupling	48 × 22 × 22 mm 0.10
	14200130	hinge adaptor - AS10 to T-Coupling Ø 16 mm	cable typ: 16 mm Karo-AS10 connection: Karo-AS10 / t-coupling	38 × 16 × 16 mm 0.05
	14216006	hinge adaptor - AS15 to T-Coupling Ø 16 mm	cable typ: 16 mm Karo-AS15 connection: Karo-AS15 / t-coupling	43 × 16 × 16 mm 0.07
	14222106	hinge adaptor - AS20 to T-Coupling Ø 22 mm	cable typ: 22 mm Karo-AS20 connection: Karo-AS15 / t-coupling Karo-AS20 / t-coupling	52 × 22 × 22 mm 0.08
	14216005	flex adaptor - AS15 to T-Coupling Ø 16 mm	cable typ: 16 mm Karo-AS15 connection: Karo-AS15 / t-coupling	140 × 16 × 16 mm 0.15
	14222105	flex adaptor - AS20 to T-Coupling Ø 22 mm	cable typ: 22 mm Karo-AS20 connection: Karo-AS20 / t-coupling	140 × 22 × 22 mm 0.20
