<https://ehle-hd.com/en/product/m12-high-speed-chain-snake/>

The **M12 HSFSM High-Speed Chain Snake** is a cordless high-speed pipe cleaning machine with a flexible shaft – the ideal solution for efficiently cleaning small pipes with a diameter of 32–50 mm, especially in bathrooms and sanitary areas. Thanks to its compact design and low weight, this unit is easy to transport and highly flexible in use – perfect for quick interventions and emergency service jobs.

Maximum Control While Working

A standout feature of this unit is the ability to use it in parallel with a camera inspection system. This gives you complete visibility of the cleaning process at all times, ensuring precise and efficient work. The universal tool holder is compatible with most common tool attachments on the market, offering maximum versatility for a wide range of applications.
