

M18 FUEL battery drum cable machine

<https://ehle-hd.com/en/product/m18-fuel-battery-drum-cable-machine/>

The **M18 FUEL battery drum cable machine** from Milwaukee is a particularly handy and lightweight device with carrying straps. The machine can be transported like a backpack to the place of use. The powerful rechargeable battery gives you the freedom to unclog the machine anywhere and quickly and the quick-release battery system means you're ready to go right away. The machine has a foot switch so you always have the spiral under control and a tool-free drum change for quick change between spiral sizes or for up to 30 m spiral length with a second drum.

The battery operated pipe cleaning machine is the perfect solution for all emergency service operations. Easy to transport, quickly ready for use thanks to battery technology and the closed drum allows clean work. With the 2x 5.0 Ah rechargeable batteries in the set you can work permanently - alternately one charges and one works.

Features

- Brushless POWERSTATE™ motor for maximum performance up to 30 m
- REDLINK PLUS™ electronics provide advanced digital overload protection for the machine and battery and maintain constant performance under load
- REDLITHIUM-ION™ battery offers perfectly tuned design, advanced electronics and lossless power output for longer life and longer life than previous models
- M18 SWITCH PACK™ toolless drum change for a quick change between cable sizes or for up to 30 m cable length with a second drum
- Integrated carrying straps
- Integrated drum brake for more control and safety
