

## M18 FUEL Battery sectional cable machine 22/32

<https://ehle-hd.com/en/product/m18-fuel-battery-sectional-cable-machine/>

**Milwaukee's M18 FSSM FUEL battery-powered sectional cable machine** for 22 and 32 mm spirals is the world's first 18 V battery-powered sectional cable machine with flow and return for house connections from DN 50 - 200 mm up to 60 m in length.

The especially powerful 12.0 Ah battery offers the freedom to remove blockages, cut roots and mill before increasing the amount of work. With the quick-change battery system, you are immediately ready for use again. The tool has a classic lever switch so you always have the spiral under control. With the Autofeed function you can switch on an automatic spiral feed and retraction.

### Features

- The world's first 18 V battery-powered partial spiral machine with automatic forward and return
- CABLE-DRIVE lock for the set feed rate with automatic adaptation to the cable diameter for best grip when working on the blockage
- Brushless POWERSTATE motor delivers constant power over the entire 60 m cable length
- Suitable for 22 mm and 32 mm spirals of other manufacturers
- Wheel unit and extendable handle for comfortable transport
- The operating lever can be brought into the transport position, which makes the machine easy to carry.
- Battery REDLITHIUM™-ION, REDLINK Intelligence PLUS™ and ONE-KEY™- Digital Connectivity for unsurpassed performance, range, durability and asset management on the job site

### Technical data:

- **Pipe diameter:** from 50 - 200 mm
- **Cable length:** 60 m
- **Battery voltage:** 18 V
- **Idle speed:** 700 min<sup>-1</sup>
- **Weight with battery:** 33.3 kg

## **M18 FSSM-121 - Set consisting of:**

- M18 FSSM sectional cable machine
- 1 x 12.0 Ah battery pack
- M12-18 FC charger
- 1 x hose guide
- 2 x spiral drum
