

## manhole safety gates - ventilation

<https://ehle-hd.com/en/product/manhole-safety-gates-ventilation/>

The **ventilation manhole safety gates** to secure manhole openings, e.g. during ventilation work after UVV local drainage (DGUV 103-004 4.9.1). It is an important part of construction site safety / occupational safety.

### Features

- Robust design made of galvanised steel
- max load capacity up to 2.7 tons
- including 2 red/white flags

### Accident prevention regulations: DGUV 103-004 4.9.1

Every open manhole access, even those that are not being worked on, must be secured against falls by persons. A suitable protective measure against falling in is, for example, a rust protected against shifting.
