

nozzle hanger bundle

<https://ehle-hd.com/en/product/nozzle-hanger-bundle/>

With the practical **"All on One" nozzle** hanger with pipe cleaning nozzles, you are well equipped for any cleaning task. With this compact and handy tool, you carry all common nozzles in 1/4", 1/8", or 3/8" – right on your belt. You will never have to fetch the right nozzle during a job again. The hanger provides a convenient solution by keeping all essential nozzle types within reach.

Features

- **practical:** The hanger is available with nozzles for 1/8", 1/4", or 3/8", ensuring you have the right nozzle for any situation.
- **various nozzle types:** Equipped with chisel nozzles, standard cleaning nozzles, grenade nozzles, and rotating nozzles, this tool offers a wide range of options for different cleaning requirements.
- **mobile and handy:** Due to its compact size and lightweight design, the hanger can be easily attached to your belt or pants.
- **time saving:** The immediate availability of all necessary nozzles shortens work time and increases efficiency in pipe cleaning.

The 1/8" nozzle hanger consists of:

- nozzle hanger ring with carabiner
- 1/8" pick nozzle, drilled – for total blockages (from 30 mm)
- 1/8" standard nozzle, drilled – for cyclical cleaning (from 30 mm)
- 1/8" grenade bomb with steel inserts – for medium deposits (from 40 mm)
- 1/8" rotary nozzle drilled - for mud clods, light incrustations, fine roots, and grease deposits (from 30 mm)

The 1/4" nozzle hanger consists of:

- nozzle hanger ring with carabiner

- 1/4" pick nozzle, drilled – for total blockages (from 30 mm)
- 1/4" standard nozzle, drilled – for cyclical cleaning (from 30 mm)
- 1/4" grenade bomb with steel inserts – for medium deposits (from 60 mm)
- 1/4" 360° nozzle incl. steel inserts – 360-degree cleaning performance thanks to 12 round jet inserts (from 40 mm)
- 1/4" rotary nozzle, drilled - for mud clods, light incrustations, fine roots, and grease deposits (from 30 mm)

The 1/8" nozzle hanger consists of:

- nozzle hanger ring with carabiner
- 3/8" pick nozzle with steel inserts - for total blockages (from 40 mm)
- 3/8" standard nozzle with steel inserts – for cyclical cleaning (from 50 mm)
- 3/8" 360° nozzle with steel inserts – 360-degree cleaning performance thanks to 12 round jet inserts (from 40 mm)
- 3/8" grenade nozzle with steel inserts – for medium deposits (from 80 mm)
- 3/8" pre-jet nozzle with steel inserts - for manual cleaning of shafts, containers, and surfaces
- 3/8" rotating nozzle with steel inserts - for mud clods, light incrustations, fine roots, and grease deposits (from 30 mm)
