

Original PVC smooth chains

<https://ehle-hd.com/en/product/picote-cleaning-chains-short-version-kopieren/>

The **Picote Original PVC chains** are standard cleaning chains and do not have carbide teeth. They are therefore less aggressive and ideal for cleaning more sensitive pipes made of plastic, copper and stoneware.

Features

- used for high-speed drain cleaning, removing blockages, descaling and small roots
- chains without carbide or carbide tips
- for sensitive pipes made of plastic, copper and stoneware
