

## Picote Leaders

<https://ehle-hd.com/en/product/picote-leaders/>

The use of **Leaders** (also known as Protective shaft section) saves time when changing tools and extends the lifespan of the machine's flexible shaft. Leaders are attached to the shaft using a shaft connector.

## Features

- Quick tool changes
- Extends the service life of the flexible shaft
- Time savings thanks to preconfigured solution
- Easy installation using shaft connectors
- Compatible with many Picote tools, e.g., Original chains, Cyclone chains, Smart Cutter
