

Picote Starter Kits

<https://ehle-hd.com/en/product/picote-maxi-miller-power-kopieren/>

There is never a one-size-fits-all solution on the construction site. The **Picote starter kits** have the most common tools to cope with almost any cleaning situation. Available for pipes from DN50 to DN200, which varies depending on the pipe diameter.

Application:

- High-speed drain cleaning
- Removal of blockages
- Descaling

Features

- Starter kit contains a selection of tools to suit your chosen shaft size and nominal pipe diameter.
- Picote starter kits contain a small selection of the most commonly used cleaning tools for high-speed cleaning and descaling.
- All in a practical Picote tool bag.

Contents vary depending on the pipe diameter:

- Smart Sweeper
- Tiger drill chain
- Smart Cutter™
- Side grinding panels
- Cyclone Premium chain
- Original Premium chain
- Original PVC chain
- Combo Allen key
