

Picote Mini Miller

<https://ehle-hd.com/en/product/picote-mini-miller/>

The **Mini Miller machines** are high-speed, high-torque devices designed for cleaning, descaling and removing roots in DN50 - 100 mm pipes and for milling/repairing DN50 - 75 mm pipes. In combination with the Picote Mini Coating pump, they can also be used for brush coating of pipes in DN50 - 150 mm.

Features

- Designed to take up as little space as possible while covering a wide range of applications (cleaning, milling and brush coating)
- Cleaning / descaling: DN 50 - 100 mm
- Milling / rehabilitation preparation: DN 50 - 75 mm
- Picote Brush Coating™: DN 50 - 100 mm
- Infinitely variable speed and high torque
- Parallel camera inspection possible
- Reach 16 m + 10 m extension
- Highly flexible shaft casing for passage through traps and multiple bends
- High-speed drain cleaning Unblocking and root removal
- Suitable for Picote Brush Coating™ in combination with Mini Coating Pump
- with foot pedal for comfortable working with 2 hands
- The standard safety equipment with safety clutch, RCD switch, protective shaft casing and emergency stop protects you and your equipment
- A sturdy frame construction protects the technology and increases the service life.
- Universal 8 mm Flexshaft

Technical data:

- **Pipe diameter:** from 50 - 100 mm
- **cable length:** 16 m + 10 m Extension
- **flexshaft:** 8 mm

- **flexshaft protective layer:** reinforced
- **Rotation speed:** 500 - 2900 min⁻¹ (Mini Miller) / 550 - 2200 (Battery Mini Miller)
- **Power:** 1100 W (Mini Miller) / 1200 W (Battery Mini Miller)
- **Voltage:** 230 V
- **Battery (battery Mini Miller):** Standard battery - 3 h / high-performance battery - 4 h
- **Weight with battery:** 27 kg (Mini Miller) / 33 kg (Battery Mini Miller without battery)
