

Picote Original Premium - carbide chains

<https://ehle-hd.com/en/product/picote-original-premium-carbide-chains/>

The **Premium Original chains** from Picote have twice the carbide and surface contact area of the standard version. This means they clean even faster and are extremely durable, as the carbide experiences less wear per application. The larger and heavier U-carbide (7-edges) makes them stronger and more effective than any other chain on the market.

A versatile tool for vitrified clay, concrete and cast iron pipes. For descaling, removing incrustations, cementitious deposits and defective liners, including bumps, creases and residues.

Features

- used for high-speed drain cleaning, removing blockages, descaling, light cement deposits and roots
- can also be used to remove collapsed liners, including bumps, creases and liner residue
- chain extractors with larger, heavier and extra-hard carbide or carbide tips (7-edges)
- long tool life
- for cleaning vitrified clay, concrete and cast iron pipes

Attributes

Image	SKU	Productname	Attributes	LxWxH & Weight
	P1380184050U	Original Premium 50/8 - 3 carbide chains	shaft typ: 8 mm work range: DN 50	70 × 20 × 20 mm 0.50
	P1380084100U	Original premium chain 100/8 - 3 carbide chains	shaft typ: 8 mm work range: DN 100	130 × 40 × 40 mm 0.70
	P1380084150U	Original premium chain 150/8 - 3 carbide chains	shaft typ: 8 mm work range: DN 125 - 150	170 × 40 × 40 mm 0.80
	P1380105100U	Original premium chain 100/10 - 3 carbide chains	shaft typ: 10 mm work range: DN 100	130 × 40 × 40 mm 0.70
	P1380105150U	Original premium chain 150/10 - 3 carbide chains	shaft typ: 10 mm work range: DN 125 - 150	170 × 40 × 40 mm 0.80
	P1380125100U	Original premium chain 100/12 - 3 carbide chains	shaft typ: 12 mm work range: DN 100	130 × 40 × 40 mm 0.70
	P1380125150U	Original premium chain 150/12 - 3 carbide chains	shaft typ: 12 mm work range: DN 125 - 150	170 × 40 × 40 mm 0.80

	P1380125200U	Original Premium chain 200/12 - 3 carbide chains	shaft typ: 12 mm work range: DN 200	250 × 40 × 40 mm 1.20
	P1380125225U	Original premium chain 250/12 - 3 carbide chains	shaft typ: 12 mm work range: DN 250	250 × 40 × 40 mm 1.40
	P1380185100U	Original premium chain 100/18 - 3 carbide chains	shaft typ: 18 mm work range: DN 100	130 × 40 × 40 mm 0.70
	P1380185150U	Original premium chain 150/18 - 3 carbide chains	shaft typ: 18 mm work range: DN 125 - 150	170 × 40 × 40 mm 0.80
	P1380185200U	Original Premium chain 200/18 - 3 carbide chains	shaft typ: 18 mm work range: DN 200	250 × 40 × 40 mm 1.20
