

Professional cables with core (extra strong)

<https://ehle-hd.com/en/product/professional-cables-with-core-extra-strong/>

The **professional sectional cable with core (extra strong)** and larger wire diameter is designed for heavily contaminated areas and difficult blockades which require a higher traction.

Its red plastics core prevents that the cable is loaded with clogged material, e. g. dirt or residuals of textile or cellulose blockages.

Features

- the red core prevents a clogging of the cable
- extra strong for heavy tools
- with T-Coupling
- for cutting und milling work
- perfect for longer distances
