

push rod guide

<https://ehle-hd.com/en/product/push-cable-guide-2/>

The **push rod guide** protects the camera push cable from sharp edges of the cleaning openings and also facilitates pushing. Can be used at various new and old cleaning openings, as well as open pipe ends.

Features

- can be used universally at pipe ends or various inspection openings
- prevents the typical scraping of the cable sheath and rod breakage due to excessive kinking at the cleaning opening
- the stable guide allows longer pushing distances
- suitable for Ø 4,5 mm - 11 mm push cable
