<https://ehle-hd.com/en/product/rcx90-crawler-zoom-camera/>

The **RCX90X HD pan and rotate zoom camera head** for the ROVION inspection system from IPEK offers powerful, homogeneous illumination thanks to separately adjustable LED lighting for the near and far ranges. The camera has a large zoom range, endless rotation and a large swivel range. It is also characterized by its high-quality, robust construction and excellent optical properties.

The integrated lasers of the camera probe make it possible to determine the dimensions of nominal pipe diameters and measure cracks and damage in the pipeline.

Optionally available for the EX zone.
