

RIS-32 drain cleaning machine

<https://ehle-hd.com/en/product/ris-32-drain-cleaning-machine-2/>

The **RIS 32 drain and sewer cleaner unit** is the result of many years of experience in application and combines a rugged and long-lasting design with a user friendly quick release clamping jaw system.

The cleaner unit is designed for use with drains of DN 30 - 250 mm and is suitable for 10, 16, and 22 mm cables with adaptor and 32 mm cables without.

Features

Special features:

- Rugged device for mobile cleaning of building tie-ins, smaller sewers, and storm drains.
- The high traction and high speed motor is especially suited for cutting and milling tools.
- The stable and long-lasting cast aluminum frame and the aluminum covers protect the hermetically sealed electronics and the drive mechanism, so the components inside will remain clean for years.
- The clamping jaws outside allow a quick and simple tool replacement.

PRCD-S adaptor included (safety switch)

The safety switch (FI adaptor) detects fault currents and disconnects so fast that life threatening accidents are avoided (10 mA trigger current); may also be used as an extension for other equipment.
