

## Root Cutter - long version

<https://ehle-hd.com/en/product/root-cutter-long-version/>

The **root cutter (long version)** made of high-quality hardened spring steel have been specially developed for strong roots.

The double-sided serrated cutting crown quickly and reliably cuts roots, branches or other material like plastic. Due to the saw tooth profile on both sides, the cutting crown saws both under thrust and under tension.

### Features

- coarsely serrated for strongly rooted pipes
- very robust design made of hardened spring steel
- front and rear saw tooth profile
