

rotation turbo nozzle

<https://ehle-hd.com/en/product/rotation-turbo-nozzle/>

The **Twister-Jet attachment nozzle** is a powerful rotor nozzle with rotating point jet. The "dirt cutter" is ideally suited for stubborn dirt and for cleaning large surfaces.

It is used on high-pressure water spray guns and cleaning lances for surface and shaft cleaning.

Features

- on high pressure guns or cleaning lances
- for stubborn soiling
- for cleaning large surfaces
- as pipe cleaning nozzle for large profiles with our Multi-Power-System
- not suitable for use with water recovery systems

optional:

- Repair kits for the respective turbo nozzles on request
