

S3 safety laced boots AquaStar5305

<https://ehle-hd.com/en/product/s3-safety-laced-boots-aquastar5305/>

The **AquaStar 5305 safety lace-up boots** use state-of-the-art materials to ensure that water stays outside and moisture can still evaporate.

The safety boots guarantee high comfort, maximum stability and protection against falls caused by slipping. They can be used universally, e.g. in industry, trade, construction, indoor and outdoor areas, gardening and landscaping, agriculture, and wherever wetness is to be expected.

Features

With the S3 safety shoes there is no danger from sharp and pointed objects - whether steel inlay or metal-free penetration protection made of the latest HT ceramic material. High-quality materials and a non-slip sole ensure a strong and stable step in every application.
