

S3 safety laced boots SportStar5343

<https://ehle-hd.com/en/product/s3-safety-laced-boots-sportstar5343/>

The **SportStars 5343 safety lace-up boots** have a modern style, high wearing comfort and are always uncompromisingly safe. Metal-free composite caps reduce weight, are athermic, non-magnetic and corrosion resistant. The S3 safety shoes with puncture-resistant midsole do not pose any danger from sharp and pointed objects. High-quality materials and a non-slip sole ensure a strong and stable step in every application.

The safety shoes guarantee high comfort, maximum stability and protection against falls through slipping. They are universally applicable, such as in industry, trade, indoor and outdoor

Features

With S3 safety shoes, there is no danger from pointed and sharp objects - whether with steel inlay or metal-free penetration protection made of the latest HT ceramic material. High-quality materials and a non-slip sole ensure a strong and stable step in every application.
