

S3 safety shoe TeamStar5300

<https://ehle-hd.com/en/product/s3-safety-shoe-teamstar-5300/>

The **TeamStar 5300 safety low shoe** guarantees a high level of comfort, maximum stability and high protection against falls due to slipping. They are universally applicable, e.g. in industry, trade, indoor and outdoor areas. They have a penetration-safe sole, a steel toe cap, the AIRSTREAM functional lining and the EVA cushioning system - the sole is involved: With every step the dynamic cushioning absorbs kinetic energy in a controlled manner. These intelligent bumpers provide lasting relief for the back and muscles.

Features

With S3 safety shoes, there is no danger from pointed and sharp objects - whether with steel inlay or metal-free penetration protection made of the latest HT ceramic material. High-quality materials and a non-slip sole ensure a strong and stable step in every application. The EVA cushioning system contributes to the lasting relief of the entire body.
