

S3 safety sneaker SportStar5344

<https://ehle-hd.com/en/product/s3-safety-sneaker-sportstar5344/>

The **SportStars 5346 safety sneakers** are modern styled, with high wearing comfort and always uncompromisingly safe. Shock-resistant aluminum caps reduce weight, are athermic, non-magnetic and corrosion resistant. The S3 safety low shoes/sneakers have a padded tongue, a padded shaft edge, a metal-free penetration resistance and low weight.

The safety shoes guarantee high comfort, maximum stability and protection against falls due to slipping. They are universally applicable, e.g. in industry, warehouses, trade, laboratories, electronic industry, indoor and outdoor

Features

With S3 safety shoes there is no danger from pointed and sharp objects thanks to the metal-free penetration protection made of the latest HT ceramic material. High-quality materials and a non-slip sole ensure a strong and stable step in every application. ESD shoes reliably prevent the wearer from becoming electrically charged.
