

safety cones

<https://ehle-hd.com/en/product/safety-cones/>

The **safety reflex cone** offers above all the suitability for practice and safety in everyday life. The extra wide recessed grips ensure safe handling, while the heavy cone base with anti-slip system ensures optimum stability.

The special design offers excellent protection for the reflective foil. At the same time, very good stackability is guaranteed.

Features

- easy grip recess on top
- Two piece cone with HDPE top and 100% recycled PVC base, dyed through black.
- Low centre of gravity for maximum stability
- footprint approx. 450 x 450 mm (cone 750 mm) or 320 x 320 mm (cone 500 mm)
- stackable for storage and transport
- certified by the BAST (German Federal Highway Research Institute)
- Weight class III
- Made in Germany acc. to TL-Leitkegel (Specifications, issued by the German Federal Ministry of Transport).
- Certified by the BAST Cert.No.: V4-05/2012 (251941), V4-06/2012 (251941B), V4-07/2012 (251931), V4-08/2012 (251931B)
