

Smart Spider

<https://ehle-hd.com/en/product/smart-spider/>

The **Smart Spider** and **Smart Spider+** tools are the safe solution for cleaning damaged pipes and lines with missing bases or holes.

Where conventional chains or other descaling methods are too aggressive or could get stuck, the Smart Spider works reliably and gently.

Also suitable for fats, oils, and lubricants (FOGs) and as a carrier for a camera head over damaged/missing sections to facilitate inspection of the entire pipe length.

Features

- Reliably cleans all types of pipes, including PVC pipes
- Specially designed for damaged or brittle pipes with missing bases or defects
- Effortlessly removes grease, oil, and lubricants (GOL)
- Quickly convertible thanks to inexpensive spare parts and conversion kits
- Ideal for preparation for lining or coating
- 90° bendable

Smart Spider+ – for use with the Maxi Power+ for hard deposits in larger nominal diameters.
