

## SmartTrailer Pro - sewer cleaning trailer

<https://ehle-hd.com/en/product/smarttrailer-pro-sewer-cleaning-trailer/>

The **SmartTrailer PRO pipe cleaning trailer** is ideal for unblocking and cleaning house connections and the main pipes in the sewer system up to Ø 400 mm. The pipe cleaning trailer has a large 650 litre water tank, can be configured with a petrol or diesel engine and has a cleaning pressure of up to max. 160 bar and a water capacity of up to max. 60 L/min. In addition, SmartTrailer PRO can be equipped with an electrically driven high-pressure reel with hose guide.

### Features

#### available pump capacity:

- 50 litres / 150 bar (petrol engine)
- 60 litres / 160 bar (diesel engine with water cooling)

#### Range of application

- up to pipe diameter 400 mm

#### Chassis

- Hot-dip galvanised chassis with 14" wheels
- Axle with rubber suspension
- Parking/hand brake
- Overrun brake with automatic reversing device
- Light bar LED lighting 12 Volt
- Solid, adjustable support wheel
- vertical load 100 kg
- European type certificates

## HP jetting unit

- SPECK NP25/50-150, 3 cylinder plunger pump with ceramic plungers
- Capacity: 150 bar - 50 litres/min
- Toothed belt drive
- Low-water protection (float switch in water tank)

## Reels

- 80m 1/2" (DN 13) flexible high pressure hose with steel core (max. working pressure 250 bar)
- solid galvanised high pressure reel mounted on an ergonomic working height
- hand crank, mounted on outermost reel plate
- galvanised filling hose reel with hand crank and 50 m filling hose 3/4", mounted on an ergonomic working height

## Watertank

- optimum capacity up to 650 litres (PE; RAL 7016 anthracite grey)
- Unique tunnel passage from one tool box to the other; especially for long tools like a spray gun
- External level indicator
- Screw lid with large opening; ideal for cleaning
- Low positioned tank for a low centre of gravity
- Tank shape minimises sloshing of water

## Engine

- 16.9 kW / 23 hp B&S VANGUARD EU 5 standard petrol engine with electric starter - start/stop key switch and oil pressure monitor
- 18.5 kW / 25 HP Kubota D1105 Stage V - diesel engine with water cooling, e-start "Keyless Go" as well as temperature and oil pressure monitoring
- 30 litre transparent fuel tank
- Double-walled insulated exhaust silencer made of stainless steel (2 in 1)
- Noise dampening material under the bonnet

## Standard accessories

- 2 generous tool boxes lockable by means of integrated locks
- 2x pipe cleaning nozzles

- Nozzle holder, mounted on machine
- Spray gun with lance and flat spray nozzle

## further options

- Radio remote control see SmartTrailer - Comfort with pressure up/down, automatic throttle control and emergency off switch
- ROM eREEL: Electric drive from HD reel. Includes extensive controls (including freewheel stand and speed control) and mounted hose guide
- 360° rotating beacon (LED) with stand (0425)
- Filling connection fire brigade coupling Storz-C with end cap with filter mounted on water tank (04103)
