

spiral cable emergency kit for drill driver

<https://ehle-hd.com/en/product/spiral-cable-emergency-kit-for-drill-driver/>

The **spiral cable emergency kit** for cordless screwdrivers offers pipe cleaners, caretakers, and DIY enthusiasts a quick way to perform professional pipe cleaning with 16 mm T-slot spirals using a cordless screwdriver or drill. Ideal for quick pipe cleaning jobs with short insertion lengths, for kitchen or sanitary pipes, and for emergency services.

With its 5 cable sections, it offers an operating length of 4 m. Thanks to the newly developed, tool-free spiral adapter for cordless screwdrivers, the kit is ready for use in no time. Everything is delivered in a sturdy and practical bag – perfect for mobile use.

Features

- with 8 mm hexagonal shaft for drill chucks – for use with cordless drill drivers
- tool-free special adapter for 16 mm T-couplings
- 5x spiral cable sections, 0,8 m each (Ø 16 mm) – total length 4 m
- sturdy and practical carrying bag
