

Tiger drill chains PVC - smooth chains

<https://ehle-hd.com/en/product/tiger-drill-chains-pvc-smooth-chains/>

Tiger Original PVC chains are used in PVC and fragile pipes, as their smooth chains protect the pipe walls. Compared to standard PVC chains, these drill chains have a front drill head with durable carbide tips, which are used for efficient and safe cutting through roots, descaling and removing blockages.

Features

- Used for high-speed drain cleaning, removing blockages, descaling and roots
- the drill head with extra-hard carbide tips makes it easy to drill through roots, limescale or other blockages
- with smooth chains for gentle cleaning
- for cleaning PVC and brittle pipes

Attributes

Image	SKU	Productname	Attributes	LxWxH & Weight
	P1382084070P	Tiger drill chain PVC with smooth chain 70/8	shaft typ: 8 mm work range: DN 70	90 × 20 × 20 mm 0.60
	P1382084100P	Tiger drill chain PVC with smooth chain 100/8	shaft typ: 8 mm work range: DN 100	130 × 40 × 40 mm 0.70
	P1382105070P	Tiger drill chain PVC with smooth chain 70/10	shaft typ: 10 mm work range: DN 70	90 × 40 × 40 mm 0.60
	P1382105100P	Tiger drill chain PVC with smooth chain 100/10	shaft typ: 10 mm work range: DN 100	130 × 40 × 40 mm 0.70
	P1382105150P	Tiger drill chain PVC with smooth chain 150/10	shaft typ: 10 mm work range: DN 125 - 150	170 × 40 × 40 mm 0.80
	P1382125070P	Tiger drill chain PVC with smooth chain 70/12	shaft typ: 12 mm work range: DN 70	90 × 40 × 40 mm 0.60
	P1382125100P	Tiger drill chain PVC with smooth chain 100/12	shaft typ: 12 mm work range: DN 100	130 × 40 × 40 mm 0.70
