

Transport case - G450 / G460 / G888

<https://ehle-hd.com/en/product/transport-case-g450-g460/>

The practical case for gas detectors G450, G460 and G888 enables the safe transport of gas detector, charging station and accessories. All parts have their fixed place - no slipping, no rattling, no cable clutter. The foam insert is exactly tailored to the GfG products and thus guarantees a smooth transport of the devices.

Suitable for G450, G460 and G888 of the Microtector series.

Features

- robust plastic transport case
- with precisely fitting foam insert for GfG devices
