

Warning protection fleece jacket SEATTLE

<https://ehle-hd.com/en/product/warning-protection-fleece-jacket-seattle/>

Warning protection fleece jacket SEATTLE Cold protection with warning effect. Certified according to EN ISO 13688:2013 and EN ISO 20471:2013+A1:2016 as well as EN 14058:2017 for protection against cold at temperatures $> -5^{\circ}\text{C}$.

During the cold seasons, it not only becomes uncomfortable outside, but also darkens more quickly. It's good when you can then rely on workwear that combines cold protection with important warning details. For example this warm fleece jacket with its wide reflective strips and four generous zippered pockets with room for everything you need. Another advantage: SEATTLE can be worn comfortably under various outer jackets.

Features

- Certified according to EN ISO 13688:2013 and EN ISO 20471:2013+A1:2016 as well as EN 14058:2017 for protection against cold at temperatures $> -5^{\circ}\text{C}$
- the high pile fleece encloses a lot of air and insulates optimally at low weight
- Body and sleeves are additionally lined with taffeta fabric
- Reflective strips around the body and sleeves as well as over the shoulders (braces reflective strips)
- 2 breast pockets, 2 lower zip pockets with zip garage
- Drawcord hem and high collar keep the warmth inside the jacket

Norms

PSA cat. II - covers medium risks that are not covered by Cat. I or III, according to PPE Regulation (EU) 2016/425, Annex I (reference in the Official Journal of the European Union):
