

Warning protection Parka TAMPA

<https://ehle-hd.com/en/product/warning-protection-parka-tampa/>

Functionality meets design. Usable in case of dangers due to bad visibility TAMPA protects with wind- and waterproof equipment also against bad weather. This is supported by functional details such as a double-covered front zip, a zip-off storm hood with various adjustment options and the possibility of zipping in various jackets and waistcoats from the 4PROTECT® range. A high level of breathability also allows for long periods of wear.

In addition, TAMPA offers the uncomplicated possibility of printing in different formats (e.g. 110 x 70 mm chest and 260 x 100 mm back) with a service zip, without a devaluing influence on the warning protection classification.

Features

- wind- and waterproof equipment with high breathability, which allows a long wearing time
- segmented, laminated reflective stripes around the body and sleeves and over the shoulders (braces reflective stripes)
- dark hem and cuff area prevents easy soiling
- width adjustment in waist and hem
- double covered front zip
- tape-welded seams
- zip-off storm hood with various adjustment options
- 2 breast pockets, 2 large-format hip pockets and 1 Napoleon pocket with integrated, removable ID pocket, under the front strip
- in the lining 1 breast pocket and 1 large pocket for hood, as well as service zip for easy printing and embroidery
- Forearm ventilation
- adjustable velcro cuffs
- prepared for zipping into various 4PROTECT jackets
