

## Winter knitted gloves - latex

<https://ehle-hd.com/en/product/winter-knitted-gloves-latex/>

The **winter knitted latex gloves** with inner lining offer excellent protection against cold and wetness with optimal tactile feel for general assembly work. The gloves have a full latex coating (blue) and are additionally sanded for excellent wet and dry grip .

Can be used for general assembly work with medium risks (related to the mechanical risks) and high requirements for tear resistance in cool, damp environments, e.g. in the skilled trades, construction, mechanical engineering, locksmiths and workshops, waste disposal and recycling, agriculture and forestry, horticulture and many more.

### Features

- pleasant wearing comfort
- good abrasion resistance
- high flexibility and good fit
- pleasantly warming due to "loop brushed" lining
- high durability
- very good grip due to sanded latex coating
- sizes from 8 - 12 available
- packing unit 120 pairs

### Norms

- EN 420:2003+A1:2009 - Protective gloves, general requirements
- EN 388:2016 - Protective gloves against mechanical risks
- EN 511:2006 - Protective gloves against cold weather conditions

**Please tell us your desired sizes in the note field when requesting a quote. If you do not provide any information, we will contact you.**
